Flow-Sert™ Information for designers

The Flow-Sert $^{\text{TM}}$ is a blind insert, designed to be installed during the moulding process.

Advantages:

- The blind end prevents plastic ingress during moulding
- Very high pull out and torque resistance

Installation Data

The Flow-Sert[™] is designed to be installed during moulding. It is critical that the mould pin used is designed to locate the Flow-Sert[™] and prevent plastic ingress.

Please contact your nearest TR location for mould pin design assistance.
